

X07 – Straight Cable Guard

DATASHEET

Advantages

- Made of heavy duty, commercial grade rubber
- Hinged lid for easy access to cables
- High visibility yellow lid
- Interlocking pads allow secure linking of units to form any path required
- Low profile design reduces trip risk
- Tread surface providing traction

Material

- Heavy duty rubber (2-Channel)
- PE (5-Channel)

Operating Temperature

- -40°C to 120°C
- -40°F to 248°F

Inspection and Testing

- Visual Inspection

Description

TriCab Cable Guards are available in two or five channel models, designed to protect your cables in exposed environments. Straight and angled pieces fit together, allowing paths to be formed around obstacles.

Made from hard-wearing heavy-duty rubber.

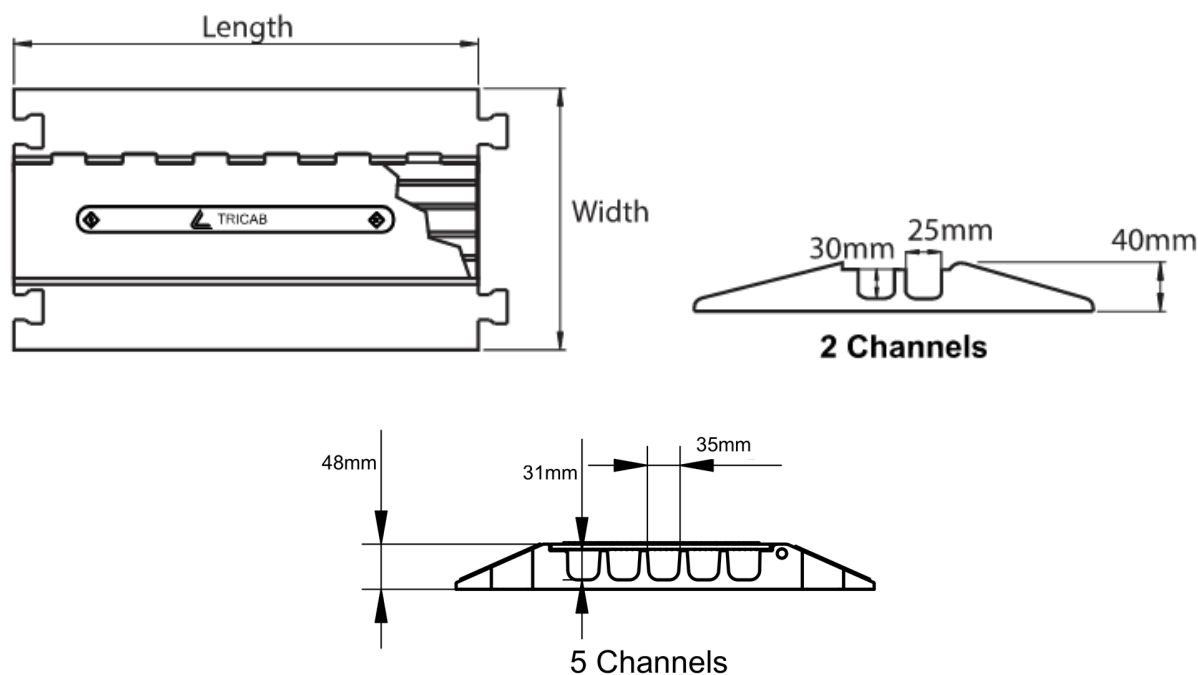

Suitable for indoor and outdoor use, ideal for use for workshops, exhibitions, stage and traffic applications.

Max load capacity:

2-channel: 3 T per tyre for 5 minutes

5-channel: 6 T per tyre for 5 minutes
